ANDERSON Y90 & Y17 PRODUCT HIRE

Yamasaki Y90 Fusion Splicer and Y17 Cleave Tool Hire

The Yamasaki Y90 Fusion Splicer is the latest in fibre optic splicing technology. Its smaller and more portable design makes it ideal for use in Fibre To The Home (FTTH) applications as well as improving the ease of operation for everyday use.

When hiring the Yamasaki Y90 Fusion Splicer you will also receive the Y17 Diamond Precision Blade Cleave Tool.
