

rapidconnect® MPO/MTP Breakout Cable

rapidconnect
BY ANDERSON

The RapidConnect® MTP and MPO Breakout Cables are used for a wide range of applications, from data centers to telecommunications networks. Their versatility and high performance make them ideal for demanding environments.

Other notable features of the Breakout Cables are: Pre-Manufactured cable to ensure optimal performance and minimal chance for error. Fast and easy installation without need for specialists. Moreover, fragile components are always safe and secure.

Application:

- Data Centres
- Telecommunications
- Enterprise Networks

Features:

- High-Density Connectivity:** MPO/MTP connectors allow for multiple fiber strands to be housed in a single connection, optimizing space and reducing cable congestion.
- Plug-and-Play Design:** Simplifies installation and reduces setup time with pre-terminated connectors.
- Durable Construction:** Ensures long-lasting performance even in demanding environments.
- High-Performance:** Delivers exceptional signal integrity and low insertion loss

Technical Specifications:

- Cable Type: MPO/MTP Breakout Cable
- Connector Type: MPO/MTP to LC/SC/ST/FC (Specify as required)
- Fiber Type: Single-mode or Multi-mode (Specify as required)
- Number of Fibers: 8, 12, 24 (Specify as required)
- Insertion Loss: ≤ 0.35 dB (MPO/MTP), ≤ 0.3 dB (LC/SC/ST/FC)
- Return Loss: ≥ 60 dB (Single-mode), ≥ 30 dB (Multi-mode)
- Operating Temperature: -0°C to $+70^{\circ}\text{C}$
- Cable Jacket: LSZH

Description:

RapidConnect® MTP or MPO Low Loss Breakout Cable

Associated Products:

rapidconnect® MTP/MPO Enclosures
rapidconnect® MTP/MPO Cleaning Pens
