rapidconnect® Universal Stripper

rapidconnect® Universal Stripper is a versatile and efficient tool designed for stripping a wide range of fibre optic cables, including FTTH drop cables and indoor cables. Its ergonomic design and precision-engineered blades ensure clean and accurate stripping, making it an essential tool for fibre optic technicians and installers..

Technical Specifications

- Cable Types: Compatible with 250µm, 900µm, 2-3mm jacketed fibre, and flat FTTH drop cables
- Blade Material: Hardened steel

Application:

- FTTH (Fibre to the Home) Installations: Ideal for stripping fibre optic cables in residential and commercial settings.
- Network Maintenance: Suitable for use in data centres, telecommunications, and network maintenance.
- Field Installations: Designed for use by fibre optic technicians in field installations and repairs

Key Features

- Ergonomic Design: The tool's lightweight and ergonomic handle provide comfort and ease of use, reducing hand fatigue during prolonged use.
- Durable Construction: Made from high-quality materials for long-lasting durability and reliable performance in the field.
- Compact and Portable: Small and lightweight, it easily fits into tool kits and pockets, making it convenient for on-site use.
