ANDERSON Y91 & Y18 PRODUCT HIRE

Yamasaki Y91 Fusion Splicer and Y18 Cleave Tool Hire

The Yamasaki Y91 Touch Screen Fusion Splicer is the latest in fibre optic splicing technology. Its smaller and more portable design makes it ideal for use in Fibre To The Home (FTTH) applications as well as improving the ease of operation for everyday use.

When hiring the Yamasaki Y91 Fusion Splicer you will also receive the Y18 Diamond Precision Blade Cleave Tool.
